

WEEKLY INTERNSHIP REPORT

Week No.: 12	Date: 17/08/2026 – 23/08/2026
Intern Name: Aditya Pawar	

Task Given by Supervisor:

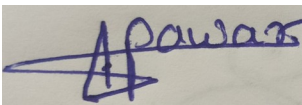

- Set up the React frontend for VeriMind.
- Build the upload and question answering interface.

Work Completed This Week:

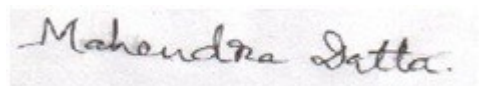

- Created the frontend using **React 18 with Vite**.
- Developed the **document upload component** with status messages for PDF, TXT, and DOCX files.
- Built the **question input and answer display** components.
- Integrated the frontend with the **/upload** and **/ask** endpoints and added loading and error handling.

Remark by Supervisor:

The frontend setup was completed smoothly. The interface is simple, functional, and integrated with the backend.
