

WEEKLY INTERNSHIP REPORT

Week No.: 13	Date: 24/08/2026 – 30/08/2026
Intern Name: Aditya Pawar	

Task Given by Supervisor:

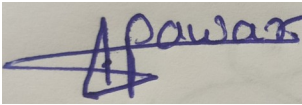

- Add transparency features to the frontend.
- Visualize the multi-agent pipeline.

Work Completed This Week:

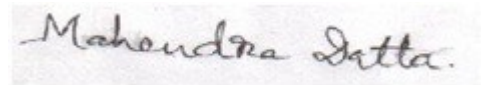

- Displayed the **confidence score, citations, and evidence** for every answer.
- Added an **agent trace** view to show the reasoning of each agent.
- Added the **debate summary** section and a **pipeline visualization** of the agents.
- Improved the layout and styling for a better user experience.

Remark by Supervisor:

The transparency features are a strong highlight of the project. The visualization clearly explains how each answer is produced.
