

WEEKLY INTERNSHIP REPORT

Week No.: 15	Date: 07/09/2026 – 13/09/2026
Intern Name: Aditya Pawar	

Task Given by Supervisor:

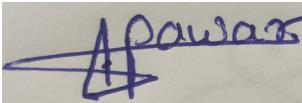

- Prepare the project documentation and deployment setup.
- Prepare the project for the final demonstration.

Work Completed This Week:

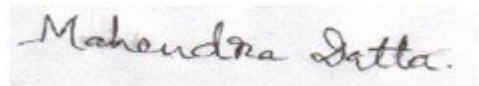

- Wrote the **README** covering architecture, setup, configuration, and troubleshooting.
- Documented the **API endpoints** with request and response examples.
- Created **Dockerfiles** for the backend and frontend.
- Prepared a **demo flow** and sample documents for the presentation.

Remark by Supervisor:

The documentation and deployment setup are clear and complete. The project is well prepared for the final demonstration.
