

WEEKLY INTERNSHIP REPORT

Week No.: 9	Date: 27/07/2026 – 02/08/2026
Intern Name: Aditya Pawar	

Task Given by Supervisor:

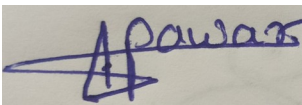

- Implement the Debate and Critic agents.
- Design prompts for reasoning analysis and quality checking.

Work Completed This Week:

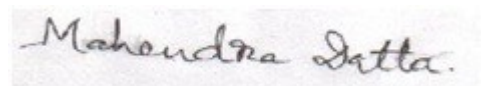

- Implemented the **Debate agent** to identify agreements, disagreements, and key points in the generated answer.
- Implemented the **Critic agent** to detect hallucinations, logical gaps, and missing information.
- Designed **structured prompts** and set suitable **temperature values** for each agent.
- Tested both agents individually on sample questions.

Remark by Supervisor:

The Debate and Critic agents add a strong reasoning layer. The prompt design was well thought out.
