

WEEKLY INTERNSHIP REPORT

Week No.: 1	Date: 01/06/2026 – 07/06/2026
Intern Name: Aditya Pawar	

Task Given by Supervisor:

- Attend the internship orientation and introduction session.
- Understand the internship workflow, objectives, and project expectations.
- Revise the fundamentals of Machine Learning and Deep Learning.
- Develop simple applications to strengthen ML and DL concepts.

Work Completed This Week:

- Participated in the internship orientation and introduction session.
- Understood the internship schedule, guidelines, and evaluation process.
- Revised the core concepts of Machine Learning and Deep Learning.
- Built simple ML and DL applications to reinforce theoretical concepts through hands-on practice.

Remark by Supervisor:

The intern actively participated in the orientation program and completed the assigned learning activities successfully. Demonstrated a good understanding of Machine Learning and Deep Learning fundamentals.
